## COVID-19 WEEKLY REPORT

## THUNDERBRIDGE BEACH

The Thunderbridge Bathing Beach is currently closed until further notice due to the pandemic. Recent activity and gatherings there have shown that social and physical distancing measures have been ignored (by individuals and groups of mixed households); respectively with lack of facial coverings on the beach when distances were not met; and trash and personal litter left on the ground.

Additionally, the beach area is very small, presenting difficulty in establishing and maintaining physical separation on the beach and within the small swimming area. The beach is not staffed and the health department, who customarily would conduct weekly bacteriological sampling and deliver samples to the a lab in Andover, is dedicating their time with limited staff to the COVID-19 response.

Fishing and Canoe/kayak access is permitted; however, the gate is closed. Please utilize the four other canoe/kayak launches/landings in Middleton including a landing less than 1/4 mile +/- away on the adjacent Peabody Street.

The status of the beach may change as the season goes on. We thank you for your understanding during this difficult and challenging season we are all in.

## COMMUNITY INFORMATION

### FLINT MEMORIAL LIBRARY

Although the building has been closed a lot has been happening at the Flint Public Library. The online resources have been available 24/7 and we have seen a huge surge in downloads of ebooks, audiobooks, and magazines.

Over 600 per month! In addition, the library staff have been presenting live online Story Hours, Music Programs, STEM science demonstrations, online cooking demonstrations as well as Zoom Book discussion groups, Current Events discussion groups, Zoom Writing Groups and a Weekly Program on Gratitude.

Also, the staff have continued ordering the most popular books and audiobooks for all ages. These items are currently being cataloged and processed and the library plans to offer curbside pickup beginning in early June. Check out the library website at <http://www.flintlibrary.org> for a full calendar of our virtual programs and for the latest updates.

- To Screen Symptoms Visit: [www.bouyhealth.com](http://www.bouyhealth.com)
- Be especially careful around high-risk individuals, such as the elderly and individuals with underlying health conditions.
- Properly Notify EMS/Fire and Police if you seek assistance from them and you or a household contact are symptomatic and/or are COVID-19 positive.
