**Jail/DYS March 2020 to 3/25/2021: 533**

In-home vaccinations are available for homebound people who are not able to leave their home to get to a vaccination site, even with assistance. These individuals either:

Have considerable difficulty and/or require significant support to leave the home for medical appointments

Require ambulance or two-person assistance to leave the home

Are not able to leave the home for medical appointments under normal circumstances

How to schedule a homebound vaccination

If you are eligible for an in-home vaccination, you can call the Homebound Vaccination Central Intake Line at (833) 983-0485.

You will be able to speak with a representative who will ask questions to determine if an in-home vaccination is appropriate. If in-home vaccination is appropriate, you will be registered with the State Homebound Vaccine Provider

# MIDDLETON PUBLIC HEALTH HEROES

This weeks  
Middleton Public Health Heroes Award  
goes to our

## Council on Aging Employees and Volunteers

**Jillian Smith, Director**  
**Andy Diskes, Asst. Director**  
**Sondra Berman, Programs Assistant**  
**and Many More**

What an amazing collaboration and partnership that the Council on Aging Staff and Volunteers collaborated on during this pandemic.

From delivering home bound meals and supplies to those in need; to identifying homebound individuals for vaccination; to setting up a phone system program for senior registrations for vaccination clinics; and to driving seniors to the clinic sites.

If you look up the definition of teamwork in the dictionary, you will see that it reads: Middleton Council on Aging Staff and Volunteers.

The Middleton Health Department and the residents of Middleton can not thank you enough for your collaboration during this season. Public Health was protected further by your efforts.

Jillian, thank you for being a great leader and to all the staff and volunteers,

We THANK YOU!
