

# Central St. / Washington St. Traffic and Pedestrian Safety Study

## Public Meeting

The Town of Middleton is working to improve traffic and pedestrian safety on Central and Washington Streets while striving to maintain safe and efficient access to the Howe-Manning School.

Do you have an idea or a concern related to traffic and/or pedestrian safety on Central and Washington Streets? We want to hear from you!

The focus of this meeting is a listening session to gather neighborhood and community feedback on experiences, existing conditions and ideas to improve conditions on Central and Washington Streets.

This meeting will be facilitated by GPI, consulting engineers for the town. Follow-up community meetings will be held in November to discuss and gain feedback on possible street and circulation changes.

For questions please contact:

Katrina O'Leary, Town Planner
