

Town Administrator Update

November 28th, 2023

- A new "Couture Field" sign was installed at the ballfield behind Howe Manning on Monday of last week. Thank you to those involved who continue to keep the memory of Sgt. Couture front and center.
- The Winter Festival will be held this upcoming Saturday, December 2nd. Thank you to all the volunteers and businesses that make it possible.
- Congratulations to Chief Bill Sampson for his recent appointment as the Sergeant-at-Arms of the Mass Chiefs Association.
- Congratulations to Town Clerk Ilene Twiss for attaining her official Certified Massachusetts Municipal Clerk designation.
- A MassDEP Section 401 Water Quality Certification permit application has been submitted for the South Middleton Dam removal. DEP is looking to move forward with the permitting stage – we will communicate to the public once we have a construction timeline.
- 90% Construction Documents for the Municipal Building project have been released as of this week. We are meeting weekly with the team to ensure the project stays on schedule. We also received 5 or more responses for every category in the prequalification stage last week.
- MASCO is hosting Capital Plan Budget Presentation tomorrow night, Wednesday, November 29th, 2023.

Respectfully submitted,

Justin Sultzbach
Town Administrator
